

Little Giant Revolution Multi-Purpose Ladder

Specifications

- Warranty: Lifetime
- Standard: EN131
- Material: Aluminium
- Commodity Code: 76169990
- Recommended Usage: Intensive

Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 285mm

[Representative image of product]

Features

- 20% lighter than any comparable industrial-rated ladder
- Easy-to-use Rock-Locks™ for quick adjustment
- Unmatched stability thanks to the Quad-Lock™ hinge and wide-flared legs
- Highest quality construction from aerospace grade aluminium
- Tip & Glide™ wheels for manoeuvrability

Product Dimensions

SKU	Rungs /Sections	Last Climbing Height	Approx. Working Height ¹ (mm)	Extended Length (mm)	Closed Length (mm)	Storage Width (mm)	Storage Depth (mm)	Nett Weight (kg)
1303-344	4 x 4	3028	4628	2500—4200	1300	593		14.4
1303-345	5 x 4	4129	5729	3100—5400	1600	660	230	18.9
1303-346	6 x 4	5230	6830	3600—6500	1900	730	230	23.4

SKU	Approx. Working Height ¹ (mm)	Open Step Height (mm)	Open Step Depth (mm)	Max Step Height (mm)
1303-344	2701	0—2100	0—1500	1101
1303-345	3252	1500—2700	1100—1900	1652
1303-346	3802	1800—3200	1300—2300	2202

¹ Working height is calculated as 1,600mm plus platform height or last climbing tread, whichever is appropriate. Ladders set at an angle of 75° degrees.

Little Giant Revolution Multi-Purpose Ladder

Product Description

For over 40 years the original Little Giant Ladder has set the standard for articulating ladders. Today there's a new revolution in lightweight ladder technology— the Revolution from Little Giant! The Revolution uses the latest military grade aluminium technology. Therefore, it is ultra-strong, without adding weight, remaining light, and portable. Adding even more stability to our safest ladder was not easy. However, the revolutionary Quad-Lock™ hinge system does just that. The Quad-Lock™ hinge locks into place with four pins for increased stability and overall safety. The Revolution features a redesigned Rock Lock™ system that makes adjusting your ladder quick and easy. Simply push the lock to release, adjust the ladder, and then tap to lock. It is simple, fast, and safe. Since it is adjustable, the Revolution can be used safely on stairs, ramps, curbs, docks, or other uneven surfaces. The wide flared legs, Rock Locks™, Quad-Lock™ hinge, and military grade materials combine to make it the strongest, safest ladder on the planet.
